It seems that you are unable to search and draw and articles from ezine . No problems with amazon and rss feeds. Any changes with ezine ?

I sent same question to Carty and he wrote me back:  
I think eZine has changed their site layout recently. I will issue an update next week.

I hope that he will be able to make an update faster, but this error is caused by Ezines changes, so we can't blame ABS ;)
