

Hi to All - Been using ABS for about a week now

I'm Gail Bankston, I've been in Internet marketing since 2005, with limited success, but making some money and am definitely not a newbie as far as knowledge or experience goes.

This is definitely the best software I've bought or used ever - far superior to any others. Thank you Paul and Nick!

Thanks for the comments Gail.

Always encouraging me to push things further.

Regards,
Carty..
